

INTERNATIONAL AWARDS ON INNOVATION FOR TERRITORIAL AND SUSTAINABLE DEVELOPMENT

IDEASS website regularly publishes information on international awards promoted by different organisations to enhance innovative technologies, practices and methodologies for sustainable territorial development. All the awards presented are inspired by the Sustainable Development Goals of the United Nations Agenda 2030.

To help promote the participation to these initiatives of authors and managers of innovative solutions, the awards identified so far are listed below. On the web pages of the different organizations, you can find information on submission dates and purposes of the different prizes so that you may decide to participate in due time.
