

# 2024 EDITION OF THE ORGANIC INNOVATION DAYS

## ORGANIZED BY THE TP ORGANICS EUROPEAN PLATFORM

The European Technology Platform TP Organics is spreading information about the [2024 Edition of the Organic Innovation Days](#). The Organic Innovation Days 2024, TP Organics' annual public event and the only EU event on organic and agroecological research and innovation, will focus on "[Preparing for the next programme: Getting organic research & innovation ready for the next political mandate](#)", and will take place on 22-23 October 2024 in the Organic House, Rue Marie-Thérèse 11, Brussels.

As European Union event on organic and agroecological research and innovation, the Organic Innovation Days provide an opportunity to meet members of the TP Organics, Platform network with European Union stakeholders and decision-makers.

The preliminary program of the 2024 Organic Innovation Days [highlights the following objectives and activities](#):

The 2024 edition of the Organic Innovation Days will focus on preparing the organic and agroecological sector for the last part of Horizon Europe (Work Programme 2026-2027) as well as for the next R&I framework programme (FP10). A newly elected MEP will be invited to join the high-level policy debate where priorities for the next political mandate will be discussed with EU policymakers.

On the second day, the latest scientific evidence about the role of organic in achieving long-term food security will be presented, as will be opportunities for organic research & innovation in the new partnerships "[AGROECOLOGY](#)" and "[FutureFoodS](#)". In an interactive workshop, the participants will be able to share their expertise and thoughts about upcoming priorities for organic research & innovation that should be part of the new TP Organics Strategic Research & Innovation Agenda (SRIA) for Organics and Agroecology. This key advocacy document will be instrumental in advising the European Commission on what should be the priorities of the next EU R&I framework programme succeeding Horizon Europe (FP10). Bram Moeskops, Managing Director at FiBL Europe, Member of the TP Organics Steering Committee and Scientific Coordinator of the TP Organics SRIA will introduce the development process and the interactive workshop. The co-coordinators of the SRIA will facilitate the parallel workshop sessions.

[Download the draft agenda and register now.](#)

In the afternoon, the TP Organics Stakeholder Forum will bring together all members of TP Organics to exchange and discuss about EU R&I and funding opportunities, TP Organics activities, experiences and expectations. If you are a member, please make sure to [register here](#) (separate form). Please also register if you cannot attend in person but want to join online (via Microsoft Teams). You will receive the link to join online with the confirmation email. For the Stakeholder Forum for TPO Members, [download the draft agenda here](#).

Find out more about and relive the past editions of the Organic Innovation Days: [2023](#), [2022](#), [2021](#), [2020](#), [2019](#), [2018](#) and [2017](#)

The Organic Innovation Days 2024 will provide an opportunity to meet members of TP Organics, to network with European Union stakeholders and decision-makers. The updated programme will be available on the event webpage.

TP Organics is the European Technology Platform (ETP) for organic food & farming, uniting large companies, small & medium enterprises, researchers, farmers, consumers and civil society organisations active in the organic value chain from production, input & supply, to food processing, marketing and consumption.
